

Job advertisement Student Assistant

At the Cluster of Excellence "Centre for Tactile Internet with Human-in-the-Loop" we are looking for a student assistant (max. 19h/week) for the next possible date.

Your tasks:

- - You support and accompany us in the conception and implementation of STEM education activities.
- - You will take over the implementation of our educational offers in schools and also on site in our lab after careful training
- - You evaluate our measures and improve them continuously
- - You will support us in the program office with tasks such as appointment coordination and event management

Your profile:

- - You are well-structured, reliable, but also flexible and independent
- - You are a student of teaching, psychology, educational science or similar and are eager to contribute your expert knowledge
- - You have applicable pedagogical and didactical knowledge
- - You can speak confidently in front of school classes and conduct teaching sessions

Your benefit:

- - You will gain insights into current research
- - You can apply your knowledge practically
- - You will work in an open, interdisciplinary team.

This is how you become part of the CeTI team:

Apply by **July 31st 2022** with your CV and a short cover letter (stating the desired number of hours) to us. Please send your application to Mr. Hrjehor Mark (recruiting.ceti@tu-dresden.de). If you have any questions, please contact Lilli Arlt (Tel.: 0160 92802040, lilli.arlt@tu-dresden.de).

We are looking forward to you!
